Deutsches Studentenwerk

Press

Do you have any questions about the financing of studies, student accommodation, equal opportunities in the German higher education system or the social responsibilities of the German Studentenwerke? Do you need a statement, a quote, an interview, background information or assistance with research?

Deutsches Studentenwerk provides information for the public on students' socio-political affairs and represents the interests of the 58 Studentenwerke via the media.

Our regular Student Social Surveys illustrate the social and economic situation of Germany's 2.5 million students in higher education. The latest Social Survey was published in the early summer of 2013.
